

THE WYATT WEEKLY

NOVEMBER 8, 2018

Hello Wyatt Families,

IMPORTANT DATES

Happy Thursday! It is truly a time for celebration at Wyatt. We found out last week that the Portfolio Management Team from DPS is recommending a 2 + 2 year renewal for Wyatt Academy. This means that our renewal will consist of an automatic 4 years if we are green by 2020. The DPS School Board will vote to approve this recommendation on Thursday 11/15 at 5PM! Come join us at the Emily Griffith Building downtown to show your support. The hard work of the scholars, staff, and families is truly paying off. WE ARE WYATT!

This week we were visited by Jake Salazar and Emilio Romero from the Hispanic Chamber of Commerce. Both were very impressed with the hard work we are doing, and the level of engagement that our families demonstrate!

In other news, we are excited to announce that Dish Network is donating 20 computers for a Family Resource Room! This will be a place for families to come use a computer in privacy, or to attend workshops! If you would like to help plan for the Resource Room, please contact Ms. Mishara.
